VOL. XXXII. SAINT MARY'S COLLEGE, CALIFORNIA, APRIL 12, 1935 Issued Weekly Number 30

SAINT MARY'S CLUB TO HOLD GROVE BARBECUE

Contra Costa Branch Ok'ed At Recent Meeting In City

Authorization to form a Contra Costa County branch of the Saint Mary's Club was given by the parent body to Mr. Michael V. Mulcahy and Mr. Joseph S. Aiello of Pittsburgh at the club meeting Wednesday night.

At this same meeting tentative arrangements were made for the spring outing and barbecue which the club is to hold in Justin Grove on Sunday, April 28.

Barbecue in Grove

According to these, the day will open with Mass in the college chapel. This will be followed by a short baseball game.

Following the ball game the barbecue will take place, the club using the pit and other improvements it had installed in the grove for its picnic last fall.

In the afternoon a football game between two squads of next season's footballers will be featured. A regular contest with shortened quarters will be played.

The final band concert of the spring term will be presented by the band, which has constantly received aid from the Saint Mary's Club.

The Associated Oil Company will furnish a loud speaking system for the athletic events in the morning and again in the afternoon.

Committeemen for the day include: Nick Erdelatz, Al Quinn, Fabian Collins, Bob O'Mally, Tom Deasy, Joe Murphy, C. Harrington, M. V. Mulcahy, Ed. Wachter, Frank Smith, Al Nichelini, Andy Johnson, Frank Murphy, and Charles Barry.

Ex Council Receives Report of Societies

After a few weeks of contemplation, in which the budgeteers have portioned sums to the various clubs and organizations, Noel Sherry came forth, at the Ex Council meeting, with the statement that there is nearly $90 in the treasury at present. This, he stated, would be enough to carry on all activities for the remainder of the semester.

Sherry stated that the social activities that are being planned at present are a tea dance, to be held sometime soon after Easter, and a dinner dance that will be held the last week of school. Plans are well under way for the tea dance and the committees are to be appointed soon for the latter.

Tom Twomey presented the list of names of those who were to receive debating and journalism awards: Philip Brady, John Rossi and Joseph Leonard are to receive the debating awards, Philip Quittman, Franklin Harris and John O'Connor are to receive the journalism award.

Tom Twomey, in conclusion, brought up the fact that there were no effective sign-boards at the cross-roads for directing people to the college. It was stated that many teams, athletic, debating, etc., have been waylaid because of this. "If," he stated, "a large sign was constructed, it would not only be effective for directing, but also it would be very advantageous for the college."

Vincent Club Elects Next Year's Officers

The outgoing board of the Saint Vincent de Paul Society and the new president, William Tipton, last Monday evening at the regular weekly meeting of the society announced the names of the officers for the coming year.

The new officers were: Carl Schuck, vice-president; John Kenny, secretary, and Ned O'Laughlin, treasurer. Lawrence Minehan and Nicholas Haloski were also announced as new members.

Senior Retreat To Begin On May First

Again this year, Father Leon Bernard of Saint Charles' Church in San Francisco will give the Senior Retreat May 1, 2 and 3, according to Father Benjamin, student chaplain.

Father Bernard will be remembered as the priest who gave the senior retreat last year, and who spoke at the Feast of Christ the King.

Concurrent with the retreat will be the Forty Hours' Devotion which will close on Friday, May 3. Further details concerning both services will be announced after the Easter vacation.

HORATIAN LECTURE PRESENTED BY APGU

Last night in De la Salle lounge, the student body of the college gathered to hear a highly interesting and informative lecture on the Latin poet, Horace.

Lecturer for the evening was Clifton Price of the University of California. Mr. Price has taught at the university for forty years and his record stamps him as the outstanding Latin authority in the Ray region. Besides this, he is famed as an elocutionist.

Secured by Soule

The services of Professor Price were secured through Professor H. D. B. Soule, head of the Latin and Greek departments at Saint Mary's.

Listed as an A.P.G.U. activity, the affair was sponsored by the campus honor society, with Edward Moran, Junior Class president, heading the committee of arrangements.

This lecture on Horace was occasioned by the fact that this year marks the bi-millenium of the Latin poet. Professor Price spoke glowingly of the place of Horace in the realm of Latin literature, and declared that his importance could not be underestimated.

A large student audience was on hand for the affair, and the Berkeley professor was presented to his auditors by Professor Soule.

Econ Curriculum to be Changed Next Term

Several changes and additions will be made to the Economics and Finance curriculum starting next August, according to announcement by Professor Allyn C. Loosley, head of the department.

"Although the curriculum will remain substantially the same," said the Professor, "some innovations will be made." Dr. Loosley declined to divulge the nature of the changes because they were not yet in complete form.

Definite announcement of the new courses and revision of some old will be made in the next issue of **The Collegian.**

Los Hidalgos To Hold Dinner As Final Meet

"Los Hidalgos," campus Spanish Club, will be the guests of William Hampton, member of the society, at a dinner on the evening of April 25th, at his home in Berkeley. William Simon, president, will act as toastmaster for the evening.

After the dinner, an important business meeting will be held at which time election of new officers will be the main item of the session.

The committee in charge of this affair, which will terminate the activities of the Spanish Club for this year, includes Franklin Harris, Richard Vail, Clarence Dowdall and William Hampton.

Easter recess begins at 3:00 p. m. on Wednesday, April 17th, according to the Recorder's Office, and classes will again be resumed on Tuesday, April 23rd.

7 STUDENTS MAKE PERFECT 'A' RECORD

Higher Scholastic Average For All Classes

On the honor roll for the recent quarterly examinations issued late this week from the office of the Recorder, one hundred and twelve members of the student body placed their names. This represents a little over one-fourth of the total students.

Of this hundred and twelve, thirty-seven qualified for the "A" honor roll with averages of 2.5 or better, with the remaining seventy-five achieving an average of 2 or better to make the "B" honor roll.

Seven Perfect Records

A marked increase of perfect records over the last honor roll was shown when seven men turned in nothing but "A's." Two students each from the Sophomore, Junior and Freshman classes and one from the Senior class are included among these. Noel Sherry is the senior; Frank Martin and Brother Damien, the sophomores; Philip Brady and Philip Quittman, the juniors; and James Brady and Brother Victor, the first year men.

Following is the complete list of the honor students:

"A" Honor Roll

Seniors—Brother Dennis, Harold Flynn, Robert McKean, Edward McSweeney, James O'Hare, James Prindiville, Emile Schuster, Stephen Sestanovich, Noel Sherry, and Brother Walter.

(Continued on Page 4)

Press Club Completes Plans for Convention

Student representatives from the Catholic high schools of the entire state will gather on the campus on May 4 for the annual high school press convention.

The convention, sponsored each spring by the Press Club, has as its main purpose the awarding of trophies the outstanding Catholic high school papers of the state. The papers are rated according to editorial policy, quality of news and general makeup.

As announced by Martin Hill, Press Club prexy, this year's convention day program will consist of a morning session, during which various Bay region newspaper men will address the meet, followed by a general discussion by the members. After luncheon in the dining hall there will be dancing in the lounge, with the awarding of the press trophies later in the afternoon.

The judges who will decide the winners of this year's awards are Mr. Robert McAndrews, Vincent Whelton, and Havelock Hunter, all of whom are past editors of **The Collegian.**

Berkeley Frosh Debate Local Yearlings There

With the topic, "Resolved, that freedom of speech include freedom to preach revolution," Laurence Mana and Walter Goldman debated a team of University of California Freshmen on Thursday afternoon on the Berkeley campus.

The Gael men emphasized that revolution in its essence was the producing of a change and that it was very vital to American democracy that we have an expressed public opinion.

New Officers Elected At Recent BAC Meet

At an organization meeting of the Board of Athletic Control held on the campus Monday evening, Mr. Andrew Burke '04, was elected chairman, Andrew Johnson, vice-chairman, and Brother Virgil, secretary.

The board was appointed by Brother Albert last week. The group will hold a meeting next Saturday in San Francisco at which time further organization will be discussed.

APRIL 27 SET FOR ASSMC TEA DANCE

S. F. Women's College Accept College Invitation

Postponed three weeks because of Lent, the afternoon dance for the San Francisco College for Women will be held on Saturday, April 27.

Acceptance of the ASSMC invitations was made yesterday by Miss Susan Touhy, student body president at the girls' college.

Introductions

Dancing will begin in the lounge of De la Salle Hall at 2 o'clock and last until 5 p. m., thus allowing the guests time to get back to San Francisco by 6 o'clock, according to Val Detling, general chairman of the day's activities.

No orchestra has been selected yet, but Ran Wilde, who will play for the Senior Ball is a probable choice.

Arrangements have also been made for the Ex Council men and class presidents to act with a committee of students appointed by Miss Touhy to handle the introductions of the students from the two schools.

Committees

This committee will work in conjunction with Mrs. W. Bond, resident nurse, who will be hostess for the afternoon.

Other committeemen appointed by Detling are Bill Tipton, in charge of the lounge arrangements, and Jack Sutcliffe to take care of the refreshments.

ASSMC Hosts to Hi School Grads May 2

More than a hundred Catholic high school seniors will be guests of the ASSMC for a whole day on May 2.

At ten o'clock a reception will be held in the lounge with Noel Sherry, student body president, presiding. The visitors will be formally welcomed by Brother Albert, president of the college. As a special feature of the morning program, Brother Leo will talk.

Immediately following the reception in the lounge, the visitors will be taken for a tour of the campus by the senior committee. Benediction will be held in the Chapel at 12:45, and lunch will be served at 1:00 o'clock.

The Gael varsity will stage an exhibition football game at 2:30 for the benefit of the visiting students. The visitors will also be given free use of the swimming pool.

Brother Patrick, director of resident students, is the faculty member in charge of the proceedings for the day.

Arrangements for a special train fare for the visiting students were made by Brother Patrick.

Frosh Arguers To Face Two Santa Clara Teams

Another debate series will be engaged in by the freshmen orators next Tuesday when they meet the Santa Clara freshmen in the annual freshmen engagement.

Two debates will be held, one on the campus and the other in Adobe Lounge on the Bronco campus. The topic to be discussed at Santa Clara is: "Resolved: That the repeal of the eighteenth amendment has been more baneful than good," which will be defended in the negative by Walton Goldman and Charles Noble.

The other debate to be held in the lounge will find Vic Wilkimeyer and Robertson arguing the affirmative of the proposition: "Resolved: That the United States needs a stronger central government."

Local Scientist Made Head of New Dept.

Brother Albert, president of the college, announced yesterday that Mr. Stephen Tomer, professor of Chemistry, had been appointed head of the school of science.

The newly organized school will include all of the present science departments, as well as the pre - medical, pre-dental and science courses.

STEPHEN TOMER

The complete list of the courses in the department will be announced in the catalog which is now being prepared and will be off the press soon.

Professor Tomer has been a member of the faculty for over ten years, having come to the college when it was located at the "Old Brickpile" in Oakland.

The school Arts and Letters will be relieved of the pre-dental and pre-medical curricula as a result of the new school.

Santa Clara Good-Will Dinner Guest

Another "good-will" dinner was held on the campus last Monday evening at which Santa Clara University officials were the honored guests. This dinner was in reciprocation to the dinner held on the Bronco campus last semester.

Hosts for the occasion were Mr. Andrew Burke who acted in the capacity of toastmaster, and Brother Albert, newly appointed president of Saint Mary's.

Guests

Santa Clara representatives to the dinner included the Very Reverend James J. Lyons, S.J., president of Santa Clara; Father Harold Ring, S.J., of San Francisco University; Father O'Connell of Saint Augustine's Church in Oakland; Reverend Joseph R. Crowley, S.J.

Besides that the lay representatives were: Mr. Charles Grahan, Mr. James Bacigalupi, Mr. Victor Chargin, Mr. E. F. Dunne, Maurice "Clipper" Smith, Lawrence Shaw, Albert Ruffe, and Justin Fitzgerald.

Representing Saint Mary's were Brother Jasper, Brother Albert, Brother Virgil, Andrew Burke, Andrew Johnson, James M. Smith, Edward "Slip" Madigan, Louis LeFevre, Norman Strader, Vincent McNally, Earl Sheely, John Illia, Robert McAndrews and Jack Flynn.

Trustee Board to Hold S. F. Meet Tomorrow

The board of trustees of the college will hold its regular monthly meeting tomorrow morning at 11 o'clock in the San Francisco Stock Exchange, Brother Albert stated yesterday.

Regular routine business will be transacted at this session. Brother Jasper, the Brother Provincial of the Brothers of the coast, and chairman of the board, will preside. Professor James L. Hagerty is the vice-chairman of the board and John J. Flynn is the secretary.

ASSMC OFFICIAL

Nominations for the offices of the Associated Students for the academic year 1935-1936 will be in order at the next student body meeting to be held shortly after the Easter recess. Nominations for Intra-Mural sports manager will also be in order. The election of officers will take place within a week of the nominations.

The Junior, Sophomore and Freshman classes should elect their representatives to the Executive Council for next year as soon as possible.

There will be no COLLEGIAN published next week.

NOEL SHERRY,
President, ASSMC.

RECORDER'S OFFICE ANNOUNCES MEN FOR AWARDS

Andriano To Receive Moraga Crest; Schuster Gets De La Salle Medal

In an announcement issued yesterday, the recorder's office released the names of the recipients of the honorary awards, which will be given on Commencement, Sunday, May 12.

The Moraga Crest, which last year was given to Mrs. A. L. Musante, this year will be presented to Mr. Sylvester Andriano, prominent San Francisco attorney and former member of the Board of Supervisors. He is an alumnus of the college.

This award is given each year to laymen in recognition of outstanding civic or social work.

Student Medals

The De la Salle medal, the highest honor which the college gives, this year will be given to Emile Schuster, pre-medical student. This medal is given in memory of Mr. J. A. Graves of the class of 1872.

Frank Salmon, Sophomore student from San Francisco, is to be given the Christian Doctrine medal, which is annually given in memory of the Most Reverend Patrick William Riordan, D.D., second archbishop of San Francisco. Salmon won the medal in a competitive examination which was given last week.

The examination for the Philosophy medal will take place on April 23. This medal is given in memory of the Rt. Reverend M. D. Connolly of the class of 1878. Senior students in Philosophy are eligible to compete.

The annual Cottle contest for the Cottle medal will take place on May 2. This medal is given by the Reverend John E. Cottle of the class of 1877, and is awarded for excellence in oratory.

(Continued on Page 5)

Varied Program Set For 'Amateur' Night

Originally billed as "Amateur Night," the entertainment to be sponsored by the Glee Club will be a bona fide revue, without the derogatory terms borrowed from Major Bowes and Fred Allen.

Announcement to that effect was made by Brother Alfred this week. April 30 will be the date of this event, with the location being the lounge, which will be transformed into a Little Theatre for the evening.

This night of entertainment will include a diversified program, according to the committee. Choral music by the Glee Club, instrumental and vocal solos, and several skits are scheduled for the bill.

Among the soloists to be featured are Louis Venegoni, Martin Kordick, Joe Alioto and Herman Meister, while musical numbers will be supplied by Joseph Franey, Leo Scotena, Harry Aronson, John Soares and Philip Brady.

John Giannoni, Ray Cleone, Ernie Jorge, Edward Nevin, Dan Leary, Bill Bourne and Warren Jenkins will be the dramatists taking part in the skits.

The Glee Club affair is being handled by a committee of three, which includes Joe Alioto, William Bourne and Richard Vail.

Philosophy Award Exam Will be Held Wednesday

Wednesday, April 24th, has been set as the date for the examinations for those competing for the Philosophy medal which is given annually to the senior student who excels in the study of Philosophy.

The medal was found by a friend, in memory of the late Right Reverend Monsignor Michael D. Connolly of the class of 1878.

The names of those eligible to compete for the medal may be found on the bulletin boards.

PHOENIX IN 7-2 WIN OVER SANTA CLARANS AS LEAGUE TIGHTENS

Steely Pitches Air-tight Ball As Mates Pound Broncs For 11 Safeties

Winning the series over Santa Clara, the Saint Mary's baseballers clinched the third and deciding game Wednesday afternoon with a decisive 7-2 victory at the Moraga field.

Stan Steely pitched an excellent game, allowing but four scattered hits and two runs.

The Broncos tallied early in the first inning when Steely hit McGuire with a pitched ball, Salatino grounded to Steely but arrived at first base on a fielder's choice, stole second, and scored on Sobrero's single.

Phoenix Never Headed

The Gaels pulled ahead in the second stanza with two walks and two hits, resulting in two runs.

In the third canto, the Gaels scored two more markers on two hits, an error, and one run. The other Saint Mary's runs were made one per inning in the sixth, seventh and eighth.

Magrini Out of Slump

Magrini continued his heavy hitting with two base bingles, one for three bases. Harris, Snead and Desimone also hit safely twice apiece. Owens, Steely and Hanna hit one each.

The Santa Clara hitting was done by Casassa, Goodell, Bassi and Sobrero with one blow apiece, none for extra bases.

Box score:

SAINT MARY'S	Ab	R.	H.	SANTA CLARA	Ab.	R.	H.

Green Table Masters

COLLEGIATE BILLIARD CHAMPIONS—The University of Wisconsin's billiard squad captured the fourth annual intercollegiate cue tournament from the strongest field that to date has competed. Purdue finished a close second, with the defending titlists, Michigan State, never a serious factor. The tourney was held under the auspices of the Association of College Unions. The victorious Badger team shown above, are, left to right: Paul West, Captain; Leroy Lillesand, Thomas Connor, Wilburt Draisin, Kenneth Brown and Charles Eckert.

Jack Fournier, U.C.L.A. Coach, Praises Phoenix

By Bucky Harris

One of the chief reasons why the University of California at Los Angeles is clinging tenaciously to their first division position in the California Intercollegiate Baseball Association is Jack Fournier, head coach of the team from the Southland who have been visiting the campus for the past few days in their prolonged stay in this neck of the woods.

Like Earl Sheely, Fournier has had a long career in the major league game and possesses a wealth of baseball knowledge. To be fair, Jack's coaching ability cannot actually be measured by the poor showing that his team put up last Tuesday against the local Phoenix.

Phoenix Look Good To Him

As he says, "The Uclans had played perfect ball before meeting the Moragans, and were simply getting a bad game out of their system. And," he added, "the Saints looked mighty good that day, too."

On the field, Fournier really bears down on the boys. That is why they display so much hustle in any game. But off diamond, he is as congenial a personality as anyone would like to meet.

His wit and good humor instills a feeling of friendliness and confidence into his players which is so necessary to uphold the moral of any good ball club.

Likes College Coaching

Like Sheely, he gets a "big kick" out of coaching college baseball. As he says himself, "The boys are young and you never know what to expect from them in a game. Their extreme enthusiasm leads them to be wild at times and they often take chances then that professional ball players would never attempt."

Fournier continued, "I never know what they're going to do next. Sometimes they play a brand of ball that makes them capable of beating any professional outfit, while at other times they blow sky-high, and play a game like they did against you fellows Tuesday. When we start to play, I grab the railing, watch, and mutter a prayer for the best."

(Continued on Page 3)

Don Racqueteers Fail To Show Up For Match

Failure of the tennis team from the University of San Francisco to put in an appearance last Tuesday afternoon caused the second tennis postponement of the current week. This and the Santa Clara matches will be played later in the season.

Samuel McCullagh Is Appointed Swim Coach

Premier Gael swimmer and water polo luminary for three seasons, Sam McCullagh, was this week appointed by the Board of Athletic Control to the coaching post for the 1935 Gael paddlers.

McCullagh will continue to be an active member of the squad, he said yesterday. Specializing in the fifty and hundred yard dashes and playing a guard position in the water polo matches, big Sam has won three letters in the aquatic sport.

Phoenix Whip Uclans In 16 - 1 Slaughter

Magrini Returns to Form; Flanagan Allows Visitors Only Seven Hits

The Saint Mary's varsity baseball nine, with "Lefty" Flanagan at the helm, romped to an easy victory Tuesday on Agnon Field, 16 to 1. They generated sufficient hitting strength to collect 18 safe blows.

"Lefty" Flanagan, stellar Sophomore portsider, turned in an inspired performance, both on the mound and at the plate, allowing but seven scattered hits and collecting two hits in four trips, one going for a triple.

Timely Hitting

Magrini, Owens and Hanna were the outstanding hitters for the Gaels, collecting nine of the eighteen hits between them. Magrini, who has recently been shifted from first base to right field, collected four hits in five trips to the plate. Toomey and McFadden each got two for the Bruins.

Al Nelson, recent addition to the varsity, played the entire game at first base. He turned in a commendable game, taking care of many chances with but one boot and collecting one hit in four trips to the plate.

Injured Men Return

Another welcoming fete was the appearance of Captain Harris and Desimone, two injured regulars, back in the lineup. Both players seemed to have recovered sufficiently although neither played the entire game.

Box score:

SAINT MARY'S	Ab.	R.	H.	U. C. L. A.	Ab.	R.	H.
Hinkley, cf	4	3	1	Mitchell, rf	2	0	0

Locals Battle Troy, U. C. L. A. Four Games; Must Sweep to Tie

By Lowell Arata

Still clinging tenaciously to their mathematical chance of copping the C.I.B.A. title, the victory-hungry Saint Mary's Phoenix, 18 strong, pulled into Los Angeles this morning for four crucial tilts, two with the Trojans of U.S.C. and two with the creditable Bruins of U.C.L.A., the first of which takes place in the Trojan stronghold today.

Defeat in any one of these games will almost certainly mean elimination of the Sheelymen as pennant contenders, since they already have four defeats as have the league leading California Bears. The Bears have only two more games, both with the lowly Indians of Stanford and are almost a cinch to win these two.

Can Tie For Title

Even if the Phoenix perform the momentous fete of taking all four games from the southern aggregation they will come home tied for the title with the Bears, with both teams having 11 wins against 4 defeats, unless Stanford pulls a terrific upset and beats the Berkeleyites.

Coach Sheely plans to throw his speed-ball hurlers, Ed Stetson and Stan Steely, against the Trojans today and tomorrow, figuring the two right-handers will be able to stop the host of right-hand batsmen that grace the Troy line-up. Big Ed will burn them over today, with Stan working tomorrow.

Flanagan to Face Bruins

Moving to Westwood Monday, the Phoenix will shoot southpaws at Jacques Fournier's Bruins, with "Lefty" Flanagan, who toyed with the Uclans this Tuesday, bending 'em over, followed by Carl Godec on Tuesday.

It's a long shot the Phoenix are playing, and it will take flawless baseball on the part of every player to keep out of the defeat column.

Burden on Godec, Stetson

Particularly important will be the hurling of Ed Stetson and Carl Godec, a couple of in-and-out pitchers. If these two chuckers falter, it's "curtains" for the Phoenix.

The following men made the trip to Los Angeles: Pitchers: Steely, Flanagan, Godec, Cleone and Stetson; catchers: Owens and Smaker; infielders: Nelson, Hanna, Desimone, Harris, Marinovich and Irwin; outfielders: Snead, Magrini, Hinkley; Coach Earl Sheely and Manager McGrath.

May Face U.S.C.

"Big Ed" Stetson, strong Phoenix right hander, who may receive Earl Sheely's first mound call today against U.S.C. The locals meet the Trojans today and tomorrow, and U.C.L.A. on Monday and Tuesday.

Meister Awarded Cup For Sportsmanship

The Collegian wishes to extend its congratulations to genial Herm Meister, adjudged by popular vote, the winner of the J. Tilden Abram Sportsmanship trophy.

The blonde, ever-smiling, giant tackle on "Slip" Madigan's Gael varsity, was, in the near unanimous opinion of his teammates, the player who best exemplified the characteristics of a true sportsman during the 1934 grid campaign.

Has Twice As Many Votes

At Monday's noon lecture, each player was asked to cast his vote for the member who, in his opinion, displayed the best spirit both on and off the field. Meister was readily acclaimed, receiving twice as many votes as his nearest competitor. Eddie Erdelatz, Kelly Kellogg, Walt Harris and Noel Bonelli were comparatively close competitors.

Going First Class!

A bulging package of twenty-five of today's COLLEGIANS will leave this campus at noon today and arrive at the Los Angeles Biltmore Hotel in Los Angeles this evening for the players and personnel of the trip. This package will go by air mail and special delivery and is a new innovation in Gael press-athletic circles.

FROSH LUCKY

* * * * *

TO WHIP SAINT PETER'S

Despite the brilliant managerial strategy of their inimitable young coach, William "Butch" Moran, a scrappy Saint Peter's High aggregation bowed to the powerful Saint Mary's freshmen nine here last Saturday morning, 1-0, in the finest pitcher's battle of the current season.

Bud Merrill, on the mound for the preps, limited the Gael sluggers to six scattered blows, while Johnny Ghilosfo, frosh hurler, allowed only eight. The teams battled eight innings before the freshmen finally broke the ice.

Bourne Beats Old Mates

Bill Bourne, Saint Peter's star, brought defeat to his old alma-mater, when, with two down in the eighth, he scored Bill Barsotti with the winning run, to break a 0-0 deadlock. The win gave the yearlings their thirteenth victory of the season.

GAEL GOSSIP

By Bill Smith

WITH a cinch tie and a possible undisputed right to the coveted pennant of the California Intercollegiate Baseball Association theirs if they win the last four games, local Phoenix forces today open up a desperate, down-the-stretch drive against U.S.C. and U.C.L.A. in Los Angeles today and tomorrow, Monday and Tuesday.

Awakening this week to the realization that they were still very much in the thick of things, local batters started to hit when hits meant runs, and fielded like professionals when the occasion called for it. Easy wins over U.C.L.A. and Santa Clara were the result.

The big question making its round of campus bovine conferences is: "How will Earl Sheely pitch the five chuckers he is taking along?"

Will he open against the right-handed Trojans today with Flanagan, and figure on pitching the sophomore portsider again Tuesday in the final game with the Bruin lefthanders?

Or will it be Cleone and Stetson against U.S.C. in the first two games, Flanagan in the first U.C.L.A. and then in the final battle he would still have Godec to start and Steely to finish up, if necessary?

Bud Magrini's sudden return to form at the plate and his equally-pleasing loss of the pesty spring that clung to his glove in the first part of the campaign has really made the difference between the Phoenix being a good team and a great team. And Magrini's mates have certainly snapped out of it, too.

So today and for three more days, the Phoenix go on trial.

May the better team win, but may that team be the Phoenix.

NOW that we've had our little say, the head goes into the proverbial noose with this prediction (a double-barreled one, if you'll note): Saint Mary's will win their four games in the South and THEN beat California for the play-off! Place your bets accordingly, boys.

JIM "FUZZ" FLYNN.

NEWS FLASHES—by your Gossiper: It is rumored that JIM FLYNN stowed away in one of the bat bags on the train last night, and will keep score in L. A. today! GAVIN CYRUS LIPPI, campus recluse and purser of the Muse, is going to dig a groove in the pitcher's box so "LEFTY" FLANAGAN'S curve will be right! NICK BRACCO returned from points South, still out of a job, but with promises looking brighter. FRANKIE FERRERA, frosh halfback, liked the cinemactors down in San Mateo the other night. So did the girl.

SPORTSCRIVENER Don Brown, of the Santa Clara weekly, likewise placed his neck in the noose by saying in his pillar last week: "Santa Clara, with the nucleus of one of the best teams on the coast returning to the fold, plus some outstanding sophomore material, should finish her nine-game schedule UNDEFEATED for the first time in history."

Picks Santa Clara and Cal to beat "Tiny" Thornhill's Stanford crew, also. We're glad to see the Broncos set for a perfect season. Poor Saint Mary's! But we suppose that they'll play the game anyhow. Then maybe Don Brown will be Darn Blue.

Footballers In Hard Spring Work Daily

With all the vim and vigor of a Mid-West tornado, the 1935 Gael football team continues to improve in their spring practice sessions on Moraga's striped turf. Coach Madigan has divided his squad into separate teams and weekly scrimmages have been the menus dished out the last several weeks.

Most of the returning stars have found out the positions they held during the 1934 campaign are not a cinch for the coming year and are bearing down to show Mentor "Slip" that they are better football men men than the material up from Vince McNally's rough and ready frosh team. Regulars and substitutes all look alike to the coaches these days so, in order to gain attention as football greats they are really putting on the pressure.

Swimmers Lay Plans For Late Waterfests

After the weather man dispenses with rainy days, the Saint Mary's swimming team will swing into action. With a most promising turn-out, the swimming and water-polo squads will be stronger this season than for some years past.

In both cases there will be a nucleus of veterans returning around which good teams can be developed. Hill and Don Miller in the sprints, Meister and Gillen in the distances, Carey in the breast-stroke, and La Cava in the back-stroke will form the backbone of the swimming squad.

Meister, Conlee, Rasmussen and McCullagh return to the polo team and will go to make up an outfit that should give opponents plenty of trouble. Gerry Conlee has proven himself one of the outstanding goal-guards for the Gaels in some years past.

Daily Practice Scheduled

Beginning immediately, practice will be held every afternoon, and due to the short season, all aspirants will have plenty of work to do to get in shape.

Meets and water-polo games are being scheduled with the Athens Club, Lakeside Pool, Berkeley High School, and Crockett. Others will be added to this line-up, so that once the squads get under way they will have plenty of competition.

U.C.L.A. BASEBALL COACH INTERVIEWED

(Continued from Page 2)

Jack, the genial Uclan leader, believes that baseball should be pushed ahead more in the collegiate circles. "Baseball," he enthused, "is one of the finest sports in our colleges. In no other athletic activity do you find the enthusiasm and desire to play that college ball players display."

More Space In Dailies

Questioned regarding the space the baseball nines in the intercollegiate loop get in local papers, Fournier had this to say: "There should be more publicity in all of the papers and more encouragement from the school heads.

"The interest at Saint Mary's and California is especially commendable and I look for the other schools to take similar steps in the future toward student interest."

Heavy Rain Delays Bronco Tennis Match

Heavy rains that turned the campus and tennis courts into a virtual quagmire necessitated calling off the match scheduled between the rival racqueteers of Saint Mary's and Santa Clara. The match, scheduled for last Saturday morning, will be played at a future unnamed date.

Gridders Doing Well From Practice Hurts

Every Saint Mary's spring football practice period in the past has usually produced a round score of minor injuries and ailments for Madigan's Minutemen, but for some strange reason, a kindly fate has almost entirely overlooked Agnon field this year.

HERB. SCHREIBER

Only one gridder, Ned O'Loughlin, is in any way disabled. The Los Angeles speedster has been confined to crutches with a painful leg injury sustained in scrimmage last week.

Guard Gerry Conlee with a forehead cut and Vic Strub, varsity end, suffering from a slight cold are the only other Moragans not in uniform. Regulars Schreiber, Jorgenson and Kellogg returned to the wars this week, seemingly in fine physical condition.

Frosh Whip Saint Mary's High Here

The Gael frosh baseballers yesterday continued their winning habit by taking an easy 9-3 victory over the visiting Saint Mary's High team from Stockton.

Gael Golfers Bow To Stanford Team

In a downpour of rain, the Stanford second varsity last Saturday defeated the Saint Mary's golfers by a score of 7½ - 1½. But in spite of the weather, Jack Allair, playing first man for the Gaels, sunk 28 putts from all angles of the greens to finish with a fine 74, the low score of the day.

Locals Improve

Considered as a whole, the brand of golf played by the Saint Mary's squad was better than in previous matches, but it still was not high enough to cope with that of the Indian divoteers.

—so far as we know tobacco was first used about 400 years ago

—throughout the years what one thing has given so much pleasure..so much satisfaction

It was a matter of pride with a host in Colonial days that his guests should smoke tobacco grown on his own plantation.

Today the Governor of North Carolina says to the Governor of South Carolina—

"Have a cigarette"

TODAY people all over the world use tobacco in one form or another.

They chew it, they smoke it in pipes, they smoke cigars and cigarettes, and here is what an eminent physician said about cigarettes:

"I have been something of a student of cigarettes, and it is my belief that they offer the mildest and purest form in which tobacco is used."

Yes, nowadays the cigarette is the most popular form in which tobacco is used. A good cigarette certainly gives men and women a lot of pleasure.

Have a Chesterfield—

For one thing—they're milder.

For another thing—they taste better.

ALUMNI NOTES

ANNUAL DINNER OF ALUMNI ON MAY 8

The annual dinner of the General Alumni Association will be held in San Francisco on Wednesday, May 8, with graduates of the classes of '28 and '35 as guests of honor. The class of '85 will, this year, celebrate the golden jubilee of its graduation from the college out on the Old Mission Road in San Francisco, while the class of '35 will be officially welcomed into the Alumni Association.

Eugene Riordan '10, of San Francisco, has been appointed chairman of the committee in charge of this year's event and he is making a special appeal to all alumni of the college to set aside May 8 so that the attendance will reach a new high level this year.

All members of the class of '35 will be sponsored by members of the Alumni Association. Alumni, who wish to sponsor a particular senior, are asked to notify the Alumni office.

Assisting Chairman Riordan on the committee are: Andrew F. Burke '04, vice-president elect of the Alumni Association, John Meany '28, Harold Mibach '34, Robert Watson '13, Gerald Martin '26, Samuel Holton '19, Edmund Kelly '34, and Donald Craig '34. The committee will meet this evening at 5:15 in Room 375 in the San Francisco City Hall.

James L. Hagerty

NEW STUDENT COMMITTEE TO MEET TUESDAY

Chairman C. Wesley Davis '28, the New Student Campaign Committee, has announced that the committee will meet Thursday evening, April 16, at 7:45, at the William Taylor Hotel and a full attendance is expected.

"This will be a 'go to work' meeting," stated Chairman Davis, adding, "We have have made the plans for our campaign in the various San Francisco parishes and we are going to proceed now to carry them out. Every parish should have an alumnus representing it."

Among those aiding Chairman Davis in the campaign are: President Leo A. Cunningham '18, Eugene Riorday '10, John W. Collins '20, John Burke '09, Peter Stolz '13, James M. Smith '10, John O'Gorman '29, Francis Boland '28, William Ahblach '28, James Davis '31, Charles Heinbockel '34, Melvin Cloney '28, Milano Rispoli '31, Al Duchien '34, Peter Markovich '34.

Also, Vincent Whelton '33, Melvin Scheflin '33, Sylvester Andriano '11, J. Justin Kegler '28, Rev. Joseph Oakley '22, Professor James L. Hagerty '19, James Kane '34, Justin Mahoney '18, and J. Giles Miller '18.

The following letter was received by Brother Albert, following the successful Homecoming Day on March 31:

April 3, 1935.

Brother Albert, President,
Saint Mary's College,
California.

Dear Brother:

Permit me to extend to you the thanks and appreciation of the Alumni Association for the very splendid cooperation and encouragement extended to us by the faculty on last Homecoming Day.

I believe that Sunday last was the largest and most enthusiastic gathering ever had at the college for this event. Certainly the day has produced good fruit in revivifying the Alumni Association and in cementing closer relationship of our organization with the institution.

Again, I wish to assure you of our unqualified support in any way that you desire to direct us and to give assurances of our eagerness to fulfily any demand that you might care to make of the Alumni Association. Moreover, we wish to express our complete confidence in your ability to succeed in your new task, and we trust that the Alumni Association may share a small part in making your burdens a little less arduous.

Respectfully yours,
LEO A. CUNNINGHAM,
President, Saint Mary's Alumni.

ALUMNI BOARD MET

The monthly meeting of the board of directors of the Alumni Association was held in the office of Leo Cunningham '18, 111 Sutter Street, San Francisco, on last Monday evening at 7:45, with Acting President Cunningham presiding.

Final reports were received from the Homecoming committee, which was discharged with a vote of thanks, and also from the Retreat committee. The board decided that the Annual Dinner should be held in San Francisco.

Women Come in for Beating by Own Sex, Aided by Men

By RODNEY STETSON

"Cherchez la femme, a scalp index, ain't she a queen, the hump in the Danville road" provided entertainment for the students who jammed the lounge Monday evening.

The occasion was the unique verbal combat with the Women's Debating Society of the University of California on the topic, "Resolved: That women are contributing more to the welfare of humanity than men."

Grandmother Exploited

In defending the negative, the women from Parliament proved that they were just as chivalrous as the Saint Mary's debaters who exploited the deeds of grandmother in spite of her false bicuspids and premolars.

Proclaiming the greatness of men were Milo King and Marian Trezona of the University of California, while Cornelio Baca and Phil Brady of Saint Mary's deserted their comrades for "the women."

"Behind every man is a woman," sputtered Baca, his red hair adding emphasis. "Cherchez la femme."

Then Milo King denounced the fair sex with, "The women are shirking their responsibilities as wives and mothers. Today they have no time for their children."

The Motivating Force

However, Phil Brady immediately came to the rescue, declaring that women have always been the motivating force. He said, "Dante had his Beatrice, Cellini had his girl friends, Thomas Moore had his daughter, Stetson has his Emily."

But, not until Marian Trezona gave her constructive speech did the students discover that it was a woman who was responsible for the hump in the center of the Danville road. Miss Trezona condemned the ingenuity of women. Not Baca, however, who was of the opinion that the hump in the road helped to keep drivers like Moran from falling asleep.

Since no decision was given, an open forum followed the debate under the supervision of Chairman "Dean" Twomey. At that time a member of the audience reminded Brady that in speaking of motivating forces he had failed to mention "his Dottie."

College Officials At Sacramento Grid Meet

As part of the drive to increase the attendance at the college, the Sacramento unit of the Alumni Association held a meeting in the Capital city on Tuesday night, at which Brother Albert, Brother James and Vince McNally spoke.

AWARDS

(Continued from Page 1)

Maxima cum laude honors will go to to five seniors. The honor men are Emile Schuster, James O'Hare, Brother Walter, Brother Dennis and Brother Gilbert.

Noel Sherry, student body president, will graduate magna cum laude, while Jack Purcell, Brother Robert and James Prindville will graduate cum laude.

Approximately 85 men will receive their diplomas at Commencement, the recorder's office stated. All the bishops of California have been invited to attend the ceremonies, which will take place on the chapel steps.

Brother Leo To Lecture For Los Angeles Women

Departing from his native haunts about the Bay region, Brother Leo will journey southward to Los Angeles on Wednesday, April 17th, to speak before the Catholic Women's Club of that city on "The Catholic Light on Literature."

When he returns, he will again appear at the Hackett-Coughlin Playhouse on April 22, where he will deliver the fourth of a series of lectures on Famous Women of Literature. For this week's lecture he has chosen "Mary of Scotland." His next talk will be before the People's Assembly of the Western Women's Club on April 24. "Four and Twenty Blackbirds" will be presented for the Scholarship Federation at Hayward High School. Brother Leo will close the month by appearing in De La Salle lounge for a poetry recital for the A.P.G.U.

Alumni Give Picture Projector to College

Purchase of a picture projector and 100 projector plates showing scenes of the college and of the college life, was approved at the last meeting of the Alumni board of directors.

According to Justin Mahoney '18, who is chairman of the committee in charge of the project, it is planned to assemble 100 pictures with continuity under the theme, "Life at Saint Mary's." All the pictures are on a single reel and, by use of the new projector, the pictures can be shown in the accompaniment of a lecture about the college. The scenes will be of particular value to a representative of the college, who will be talking to a group of people who have not seen the college.

Some of the final pictures on the roll will be in colors and the film will conclude with "The Saint Mary's Man's Credo."

The projector and the pictures will be of great value to Brother James in his campagn for new students. Already he has been using the projector with some of the preliminary "shots" that have been made.

Linfield Women's Team Meets Junior Debaters

Although the women's debate squad of Linfield college had difficulty in locating Saint Mary's Friday evening, the team put forth enough arguments to save any woman from sharing one-half of the expense of a date.

For, on that evening Frances Railsback and Elizabeth Grover from the college at McMinnville, Oregon, matched verbal bullets with Phil Quittman and Joe Cassidy in the lounge.

The Linfield women upheld the negative of the proposition, "Resolved: That the 50-50 date plan should be adopted."

Women Equal

Saint Mary's debaters maintained that women are politically, socially and economically equal to men and therefore should pay for half the date.

However, the Oregon debaters thought that the biological differences between women and men were sufficient to exempt the women from all financial burdens of an evening's entertainment. In addition, they declared that mores or manners opposed such a financial arrangement.

NATIONAL COLLEGE PUBLICITY GROUP HOLDS MEET HERE

1936 Convention Will Go to U. of Southern California

Assembled on the college campus for the first time last Saturday, representatives of western universities and colleges gathered for the annual convention of the eighth district of the American College Publicity Association.

During the morning and afternoon sessions of the members, problems directly connected with college publicity were discussed.

U. S. C. Selected

University of Southern California was selected by the group for the 1936 convention. No definite time was established for the meeting, though the tentative date selected was March 1. At the election held at the afternoon conference Franklin Skeele of U.S.C. was elected as director of the eighth district for the subsequent year. Mr. Skeele replaces Brother Virgil.

The day opened with an address from Brother Virgil, together with a welcome from Brother Albert, president of the college. Following this, other prominent speakers were heard. Among these were Lloyd Yoder, who is connected with NBC, Phil Sinnott of the NEA service, and Harold Ellis of the University of California.

Student Chaplain Will Speak In Holy Week

The topic to be discussed by Father Bowling, student Chaplain, at the 12:15 Mass on Palm Sunday, April 14th, at Old Saint Mary's Church in San Francisco, will be "Extreme Unction."

PARIS LETTERS

By VICTOR LUSINCHI '34

Faux Pas A caricature exposed at the "Salon des Humoristes" caused a diplomatic incident the other day. Entitled "To Be A Success One Must Be Loved By The Women," it portrayed Chancellor Hitler holding the heads of two women by the hair in one hand and an axe in the other, surrounded by a group of worshiping ladies. It was a reference to the recent beheading of two women as spies. Brought to his attention, the German ambassador protested to the Quai D'Orsay, and the artist was asked to withdraw his exhibit.

Net Men The amateur tennis moguls have just voted, as you know, against the proposition to allow players to make films. Captain Anderson, the American naval attache in Paris who represented the A.L.T.F., explained to me after the meeting held last Saturday that the fact that players are allowed to write books on the game is altogether different from making money out of the films. In the first case, he said, a certain ability as a writer is needed, while a player who turns out a film is cashing in on his tennis skill alone. The English have not given up hope that the ruling will be eventually revised. The captain of the Australian Davis Cup Team, R. Youdale, believes that since the ice has been broken and the question brought before the International body, despite the adverse vote, it will continually come up again and probably be voted in the next couple of years.

In Saddle The Flandin government was saved from a possible crisis over the increase in the military service term by the troubled international situation. Despite the fact that the prolongation of military service to two years during the "lean years"—caused by the low birth rate during the war—does not augment the number of effectives, all proposals were met with disproval on the Left, while the Right favored more rigid measures than the government was contemplating.

Because of the approaching municipal elections the liberal groups—on which the government must depend for a majority—were opposed to bringing up the question now. However, the attitude Germany has taken towards her engagements necessitated that something be done to maintain the army as close to par as possible.

A happy compromise was reached by merely taking advantage of the old military service law which provides for the extending of the service to two years if deemed necessary, thereby avoiding the voting of a new law. In this way the powerful Radical-Socialist party rallied to the government and a rousing vote of confidence was secured.

The King! At the Poly-Sci school it's an ancient custom for a liveried porter to escort the professor to the raised platform at the beginning of the lecture while the students applaud as if the latest matinee idol was making his stage entrance. Andre Siegfried, the well-known lecturer and writer on economic geography, must wait at least ten minutes to allow the applause to die down before he can begin.

Honored

Senior students with the highest grades in Philosophy will compete on April 23 for the philosophy medal given annually in honor of the Right Reverend Connolly '78.

Radio Talk Will Tell Of Noted Novelist

H. G. Wells, English novelist, historian of sorts, lecturer and general man of letters, will be discussed by Mr. Edward J. Smiddy, local English instructor, this evening at 7:45 o'clock. Station KTAB will broadcast the talk.

Mr. Smiddy considers Wells as a modern writer of particular interest and in his lecture will consider the personality and the life of the man.

Wells is a voluminous writer. A goodly number of novels, essays, articles, short stories have flowed from his facile pen and have gained for him international fame. "The Outline of History" is one of Mr. Wells' popular books.

"A consideration of his life," said Mr. Smiddy, "at this time, becomes particularly timely with the recent appearance of 'Experiment in Autobiography,' the book of Wells in which he writes the interesting experiences of his lifetime."

Quarter of Student Body Find Place on Honor Roll

(Continued from Page 1).

Juniors—Philip Brady, Joseph Franey, Brother Gabriel, Samuel McCullagh, Philip Quittman, Brother Robert, and William Smith.

Sophomores—Joe L. Alioto, Brother Bertram, Brother Damien, Brother James, Frank Martin, Thomas McIntosh, George Murphy, Frank Salmon, Albert Shine, and William Simon.

Freshmen—Brother Anthony, James Brady, Brother Clement, Lynn Hull, Lawrence Mana, Richard Moore, Brother Prosper, Brother Ralph, Ben Tipton, and Brother Victor Lucius.

"B" Honor Roll

Seniors—Edward Coughlan, Henry Floyd, Patrick Ganey, Santo Garbo, Franklin Harris, Walter Harris, Frank Latuda, Ralph Metz, Martin Moran, John O'Connor, Dermott O'Toole, Jack Purcell, Phipps Rasmussen, William Rice, Carl Roehl, Edward Ryan.

Juniors—Edward Barry, Brother Fidelis, Edward Hallman, Edward Hogan, William Lindsay, Noel Lynch, Gordon McGrath, Edward Moran, Arthur Mott, John Rossi, Rodney Stetson, Victor Strub, Howard Zellers.

Sophomores—Cornelio Baca, Brother Bernard, Alfred Cinelli, Gaston Dangles, Gerald Dennerlein, Brother Gordon, Brother Henry, Robert Kempter, Martin Kordick, Samuel Miller, Hiroshi Mukaye, Cleveland Riley, Carl Schuck, John Soares, William Tipton, Richard Vail, Louis Venegoni, Brother Victor, and Elias Welch.

Freshmen—Joe I. Alioto, Paul Alston, Llewellyn Baysinger, Taylor Bedillion, Brother Charles, James Clay, John Costa, Brother Francis, Joe Francisco, Robert Freel, John Henning, Philip Isham, Warren Jenkins, Brother Joseph, Edward La Berge, Julian Lyons, Jack Madden, John McAndrews, Eugene McMahon, James Rarig, Brother Richard, Warren Robertson, Gerald Seale, James Shea, Edward Smythe, James Walsh, and Victor Wilkiemeyer.

Student Chaplain Talks Many Times Next Week

Father Bowling is conducting the Jubilee prayers in Honor of the Nineteenth Centenary of the Redemption every day in the college chapel at 12:30 and 6:30. He wishes to remind students that the indulgence gained is a plenary indulgence granted every quarter of a century.

The only service to be held on the campus during Holy Week, according to Father Bowling, will be the Stations of the Cross on Good Friday afternoon at 3 o'clock.

Traveling Idaho Men Debate Local Squad

Saint Mary's debate varsity met another traveling forensic team last Wednesday evening when they debated the University of Idaho squad which is on a barnstorming tour throughout California.

The question discussed was the same arms and munitions question that has been discussed so frequently in the lounge. Idaho defended the affirmative of the proposition with arguments being presented by Merrill Gee and Eugene Grady, who were opposed by the campus squad of John Rossi and Richard Vail.

LOCAL OFFICIALS ATTEND NORTHERN EDUCATION MEETS

Brother Ralph Re-elected To Accrediting Commission

Brother Albert and Brother Ralph represented Saint Mary's at the annual meeting of the Northwest Association of Secondary and Higher Schools at Spokane during the week of Aprpil 1 to 3.

Brother Ralph was re-elected to the Accrediting Committee in which post he visits and inspects regularly member schools in California, and also inspects all northwest schools applying for admission.

At the meeting of the executive committee, Brother Albert was the honor guest of President Hardt.

The two men also represented the college in Spokane at the meeting of the National Catholic Education Association. At this meeting, the formation of four regional groups to study common local problems was considered.

Brother Ralph was appointed accrediting visitor pro-tem of the Catholic Association. Both he and Brother Albert were invited to the national meeting at Chicago on April 24.

They returned to the campus Saturday morning, after being the guests of the Reverend Father Boyle, president of the University of Portland, formerly Columbia University.

When two is company I don't make a crowd
I'm your best friend
I am your Lucky Strike
Never a bitter, undeveloped top leaf in me. Never a grimy, tough bottom leaf. I use only the fragrant, mellow, expensive center leaves . . . the leaves that give you the mildest, best-tasting smoke. I do not irritate your throat. No wonder I'm your best friend.

School of Science

WHOEVER is responsible for the addition of the new School of Science to the college is to be congratulated. This addition is one that has long been needed, especially for students who desire to specialize in science to any great degree. Under the old set-up in which the science courses were mixed in with the School of Arts and Letters no high degree of efficiency could be obtained because the various other requirements of the Arts and Letters curriculum made it impossible to devote enough time to science courses.

In the School of Science which will begin to operate next semester many of these unnecessary and nonsencial courses, as far as science students are concerned, have been omitted and in their place have been put courses in science. The result is that science students will now have a chance to specialize that they did not have before.

Such changes as these indicate progress.

For the Seniors: Life doesn't begin at forty. It begins on May 13, the day after graduation.

Throw Them Out!

THROUGHOUT the year, but especially in the early autumn and during spring, resident students are frequently interrupted during their studies by salesmen who pass through the dormitories from room to room with "good propositions" ranging all the way from class materials to salacious novels.

The vanguard of these pests has already made its way to the campus for the spring season and from past experience we know that it won't be long before the rest arrive—should we allow them to.

These intruders certainly haven't anything to offer which can't be purchased here on the campus or else in Oakland, but they do run competition with the local stores, they do interrupt students during their studies and waste their time, and they do pass many uncalled for and insulting remarks. They accomplish no good whatever, but more than one instance can be cited where their presence was actually objectionable.

As far as most of the residents are concerned these salesmen are pests and nothing but that, and should be thrown off the campus as soon as they enter it. A little more attention on the part of those who can control the situation would rid the campus of this nuisance.

Nix On the Rough Stuff

OF LATE colleges have been notable for their lack of the species "collegian," the sobriquet in no sense applying to the student attending the institution but to an offensive individual, misplaced, and distinguished by his utter lack of the characteristics common to the academic. This "rah-rah boy" excelled in attempting to earn a bad name for himself and his institution, and he usually succeeded. His exploits were not confined to any locality; he operated with equal ease and facility in all surroundings but always managing to identify himself with the school unfortunate enough to include him in its enrollment. His activities ran the gamut of bad taste but vandalism found him at his best. The tinkle of breaking glass satiated his mania for wreckage and his cup of happiness was full when he could tell his fellows, with proper emphasis on the reckless daring necessary to accomplish such a feat.

Saint Mary's followed the general trend in ridding itself of its quota but occasionally one of the off-color crowd enters, as he is bound to appear in every institution. There is one or more present now, unless the evidence of broken street lights in front of the center dormitory and in back of the garages, can be accorded to some phenomenon outside of our experience. Occurring periodically for some time, this nuisance, not outside the pale of vandalism, endangers late arrivals on the campus, imposes added expense on the authorities and reflects an attitude irritating because it is contagious. To the offenders and to everyone in a position to know of them, we make an appeal towards their removal or reformation.

These ASSMC Elections

SHORTLY after the Easter vacation a special meeting of the ASSMC will be held for the purpose of nominating candidates for Associated Student offices for the 1935-1936 terms. The elections will then be held a week later.

To both, the nominations and the elections, the student body should give its serious consideration so as to insure the election of a capable leader, because the quality of leadership will determine the success of the next student administration. As an instance in point, much of the splendid success that has been achieved by the ASSMC during the past two semesters can be traced back to capable leadership.

Among the points to be considered in determining your nomination and your vote you should include some of the following: Choose a man who has been *constantly* active in student affairs; make sure that his activity has not been spasmodic, but steady from the very time he entered the college. Be sure that he is a good mixer and can meet the people; see to it that he can talk, and talk well; he should be able to sell Saint Mary's and do it graciously. Finally, consider his program. Is it progressive? If not, reject him.

To facilitate the selection of the proper men, *The Collegian* will have all the candidates for the presidency of the ASSMC and the men running on their ticket submit a report of their activities since August, 1932. These will be published in the April 26 issue of *The Collegian,* and the wise student voter will be guided to a great degree by these summaries before he casts his ballot.

All these crackpot economic schemes such as the Townsend Plan and the EPIC farce are inevitably proposed and supported by those who know the least about economics.

Regional Colleges

THE STATE ASSEMBLY, by defeating the bill to turn the seven State Teachers' Colleges and the Sacramento Junior College into full fledged universities showed that after all it's not so corrupt as some first supposed.

To have passed this bill would have been to ride through one of the biggest vote getting schemes ever brought to Sacramento; there was absolutely no necessity for the change that was proposed except it were to please the vanity of the hometown folks who wanted a university nearby and who were willing to vote for the man who got it for them.

Sectional colleges would not only have sapped the resources of the University of California but they would also have cut deeply into the enrollment of all other institutions of higher learning, including our own. The elimination of their possibility will lend stability to the colleges now existing.

MORAGA MUSINGS

SECOND FLOOR CENTER LITTLE THEATER

Presents

'THE TEACRACKER SUITE"

NOTE: This production inspired by Tschaikowsky's famous "Nutcracker Suite" is written and produced by Bob Latuda especially for the Second Floor Center Little Theater.

Act I.

George Jay imitating the inimitable Edgar Kennedy.

Act II.

Pennino and Garbo in a special scene: The Men in The Corner.

Act III.

No act at all; the curtain has already fallen.

* * * * * *

Campus politics will be in full swing within a week or less . . . and scanning the list of those eligible Smith, Brady and Moran seem to be in the running, although none of them have declared themselves . . . with every student except a very small minority being an ASSMC card holder this semester the political situation is liable to change somewhat.

* * * * * *

Are you cognizant of the fact that . . . Brother Leo's "From A Western Window" appears also in the Catholic Northwest Progress, official organ of the diocese of Seattle . . . the ASSMC gives awards for music . . . but that the only three to receive them thus far are Will Stevens, Norbert Graves, and Bill Pelletier . . . The largest number of invites to the commencement exercises are being sent by the campus socialite, Jack Purcell, who ordered 70 . . . the next highest man only runs around 40.

* * * * * *

An orchid to the brain-truster who quartered the visiting UCLA ball team in the Gael Offices!!

* * * * * *

Day Scholar Stuff . . . Slim Hull, Sacramento Northern prize conductor makes rapid changes from trainman to scholar as he passes Moraga every morning . . . "Webfoot" Riley still thinks Washington is the best university in these parts . . . Cullen still gives Miss Head's school a break . . . Holy Names calls La Berge "Babe."

RELIGION IN COLLEGES

It is obvious that Catholic colleges should have courses in religion and that the spirit of religion should permeate their curricula. This state of affairs is no cultural liability but the most precious of cultural assets.

More than once, in public and private, the late great President Benjamin Ide Wheeler of the University of California expressed the wish that religion could be definitely taught in state institutions. "Religion makes everything vital and practical," he declared. "Religion supplies the strongest and most authoritative motive of conduct."

Brother Leo

Dr. Robert Gordon Sproul, the present executive of the University of California, thinks likewise: "I believe that without religion we are forced to substitute weak conventions for permanent values and abiding standards: that without religion, civilization, with no adequate reinforcements for the strains that come upon it, must yield inevitably to disintegration and decay. Believing these things, I believe also that the university which makes no effort to stimulate in its sons and daughters a sensitiveness to the issue of religion is likely to be a danger rather than a benefit to the state."

All that is tantamount to a recognition of the advantages enjoyed by students in a religious college. Let us hope that those advantages are appreciated by the men who teach and who study at Saint Mary's Every subject in the curriculum is intrinsically worth while, but we can never too often remind ourselves that the most important of all subjects is religion.

Saint Mary's exists, not merely that our students may gain knowledge of the dogmas of faith and discipline themselves in Catholic morality, but that the spirit of Catholicity may be to them a light and an inspiration in taking all knowledge for their province.

OUR PRISONS

Mr. Warren Atherton, member of the State Parole Board, who not long ago had a thrilling luncheon experience at San Quentin, more recently talked about prison conditions at the Commonwealth Club. Here are some of the things he said:

"There are only two logical ways to protect society from repeated crimes by discharged convicts. We should either kill or incarcerate for life all felons, or else so conduct our prisons as to turn out men who will not be a menace to society. In California we are using neither logical method . . .

"There are three penal institutions in this state. San Quentin has 5,734 within the walls with cell capacity for 3,225. Folsom has 2,773 in the prison proper with cell accommodations for 1,421. Tehatchapi was built three years ago to house 180 and already has an excess of four. With prisoners pammed into every attic, basement and cell, the only segregation is to send recidivists to Folsom and first termers to San Quentin . . . Such a place is a crime factory, not a reformatory."

Mr. Atherton believes in a careful segregation of prisoners, the confirmed criminals on the one hand and those capable of reformation on the other.

SAINT MARY'S MAN AT MILLS

John Cunningham, originally of Manhattan College, later an Upper Division student at Saint Mary's in Oakland, has been instructor in Art at Cranbrook Academy and elsewhere in eastern states. This summer he is on the staff of Mills College as visiting instructor and lecturer. Mr. Cunningham will assemble and present an exhibition of designs in industry at the Mills College Art Gallery during the coming summer sessions.

Literary Pick-ups

Dear Editor:

The American Mercury will pay $500 for the best essay submitted by an undergraduate of any American college on the subject: "The Professors Got the Country Into This Mess: But We Can Get It Out."

As before stated, this contest for the best essay on the above subject is open to any **bona fide** undergraduate in the land. The best essay received before September 1, 1935, will net its young author $500.

No essay may be more than 2500 words in length.

The judges of this contest, whose decision as usual will be final, are H. L. Mencken, Laurence Stallings, and Paul Palmer.

Manuscripts should be directed to Contest Editor, The American Mercury, 730 Fifth Avenue, New York. No entries will be returned. The American Mercury reserves the right to print extracts from non-winning essays, such extracts to be paid for at regular rates. The contest begins at once: no essay received after midnight, August 31, will be considered.

COLLEGIANA

By CORNELIO BACA

MAKES HISTORY

A freshman at Brooklyn wrote at the end of a very lengthy history paper: "If you get this far, I'll buy you an ice cream cone." The paper was returned in the course of time with the following comment: "O.K., but I like sundaes better."

IT'S SPRING

University of Georgia students remind us that spring is with us once more; they have begun to define love. They say it is an itching around the heart that can't be scratched, an experience from which you never learn better, and it's indefinable, because you can't see it, but oh! how you do feel it!

FLASH!

When a student drops a course, that is not news. However, when a professor drops a course, that usually makes a lot of noise. A professor at Oklahoma A. and M. last week caused a flurry when he announced that he would discontinue one of his courses. His explanation: "The class is lousy."

IN THE MONEY

A Loyola University freshman at New Orleans, who was unable to write as fast as his biology professor could talk, brought a stenographer to class and sat back like a bloated banker while the gal took the notes in shorthand.

PAGE S. HOLMES!

Courses in criminology, in vogue at Missouri University, are apparently not only informative but also practical. The professor of the course recently complained to the dean that someone had made off with his examination papers.

CHERISH THE SPIRIT

"Dear Mother, I did not care especially for the brandied cherries, but I certainly did appreciate the spirit in which they were sent."—read a letter received by a mother from her freshman son at Holy Cross to whom she had sent some preserved fruits.

FLEA FODDER

The Rambler from Saint Benedict's College recently printed the following which we copy:

I wish that I shall never see,
Another nasty, dogg'one flea,
A flea who in the summer wears
A sizzling path-way through my hair;
A flea whose hungry mouth is pressed
Against my aching back and chest.
The world provided fools like me
To furnish manna for a flea.

NOT TELLING HIM

The De Paula, publication of the students of the De Paul University, a Catholic co-ed college gives us the next bit:

He: "Mr. Smith, your mouth is open."

Him: "I know it. I opened it."

BEER TO BIER

Lifted from the La Salle Collegian: Prof.: "Give me a sentence with the word 'beer' in it." Stooge: "The beer is in the stiff." Prof.: "Now give me one with the word 'bier'." Stooge: "The stiff is in the bier."

KILL-JOY

You may be committing suicide in a very pleasant manner and not know it; anyway, a Western State Psychology professor says that every kiss shortens your life by three minutes.

Campus Comment

Dear Editor:

I think it is only common courtesy that students who are addicted to tossing two-minute eggs about the campus after breakfast should stop this malacious practice before one of these missiles finally hits its mark.

Not only this, but it is disturbing to the peace of mind of us poor seniors to have to make a dash for the building lest some insidious trickster give us a free egg shampoo.

If the habit is so firmly intrenched in the daily life of those sadists who derive such pleasure from the noble art of egg-throwing, they should leave this campus and go back to the "pre school" from which they came.

—Egged-off
